THE POPE TWEETS @pontifex

The scientific community today is called to establish a leadership that offers solutions for the sustainable and integral development of all peoples, which is indispensable for building peace

PLEASE KEEP IN YOUR PRAYERS:

- + During November we remember all those who have died.
- + We remember their kind deeds, the things they did for us and for other people; we remember how we loved them and how they loved us, and we pray we will be united with them again on the last day.
- + We also pray for those who have died that we never knew.
- + We pray for those who have died for our freedom,
- + We pray for all those who have died alone with no one to remember or pray for them.
- + By remembering those who were loved, they are never really gone from us.

Eternal rest grant unto them o Lord and let perpetual light shine upon them. May they rest in peace. Amen,
